

TRINA VO

UI/UX DESIGNER

PROFILE

I'm a UI/UX Designer, passionate about solving user problems and creating remarkable user experiences that align with both user needs and business objectives. My ideology is to deliver solutions that are thoughtfully curated and aesthetically pleasing designs.

EXPERIENCE

UI/UX Designer (Internship) | **Transformers Academy**

Sep 2023 - Dec 2023, Remote

- Assisted in creating wireframes and prototypes for new product features and improvements in the design stage.
- Worked closely with the design and developer teams to ensure designs were implemented as intended.
- Regularly iterated on designs based on user feedback and usability testing results.
- Collaborated to design and build the company's website on the Wix platform.

UX Designer | **Humber College**

Jan 2023 - Dec 2023, Toronto, Canada

- Conducted user research and analyzed data through interviews, empathizing with users, and collaborating with stakeholders to develop appropriate and purposeful design solutions.
- Collaborated closely with cross-functional teams to develop designs, enhance the user experience with WCAG accessibility standards, and performed usability testing for multiple case studies.

UX Designer (Internship) | **Skinopathy**

Oct 2022 - Dec 2022, Remote

- Conducted user and market research that assisted with product design.
- Collaborated with physicians and the development team to explore patients' processes and develop features for the product.
- Created personas, user flows, wireframes, and prototypes for the Keloids and Mole tracking project.

UI/UX Designer | **Centennial College**

Jan 2022 - Dec 2022, Toronto, Canada

- Worked with an agile team to design and develop UX and UI for human-centred design projects.
- Implemented UX strategies to design wireframes and interactive prototypes that align with user needs and business goals.
